NATURE OF THE ACTION

1. This is an action for patent infringement arising under the Food and Drug Laws and Patent Laws of the United States, Titles 21 and 35 of the United States Code, respectively, arising from Defendants' submission of an Abbreviated New Drug Application ("ANDA") to the Food and Drug Administration ("FDA") seeking approval to manufacture and sell a generic version of Plaintiffs' GLYXAMBI® (empagliflozin/linagliptin) tablets prior to the expiration of United States Patent No. 10,258,637 (the "'637 patent").

9. On information and belief, Annora will market and sell the Annora ANDA Products throughout the United States, including within the state of Delaware.

10. Annora has represented that the Annora ANDA refers to and relies upon the GLYXAMBI[®] NDA and contains data that, according to Annora, demonstrate the bioavailability or bioequivalence of the Annora ANDA Products to GLYXAMBI[®].

11. Plaintiffs received a letter from Annora on or about January 9, 2020 stating that Annora had included a certification in the Annora ANDA, pursuant to 21 U.S.C. § 355(j)(2)(A)(vii)(IV), that, *inter alia*, certain claims of the ’637 patent are either invalid or will not be infringed by the commercial manufacture, use, or sale of the Annora ANDA Products (the “Annora Paragraph IV Certification”). JURISDICTION AND VENUE

19. This action arises under the patent laws of the United States, 35 U.S.C. §§ 100 *et seq.*, generally, and 35 U.S.C. § 271(e)(2), specifically, and this Court has jurisdiction over the subject matter of this action under 28 U.S.C. §§ 1331 and 1338(a).

20. Venue is proper in this Court because, among other things, Hetero is incorporated in the State of Delaware and therefore "resides" in this judicial district and/or has committed acts of infringement in this district and has a regular and established place of business in this district. 28 U.S.C. § 1400(b). Annora is a foreign corporation not residing in any United States district and may be sued in any judicial district. 28 U.S.C. § 1391(c).

PERSONAL JURISDICTION OVER ANNORA

21. Plaintiffs reallege paragraphs 1-20 as if fully set forth herein.

22. On information and belief, Annora markets, sells, and distributes generic drugs for sale and use throughout the United States, including in this judicial district.

23. This Court has personal jurisdiction over Annora because, *inter alia*, Annora, on information and belief: (1) has engaged in substantial, systemic, and continuous contacts with Delaware through its manufacture, importation, sale, or offer for sale of pharmaceutical products in the state of Delaware; (2) intends to market, sell, and/or distribute Annora infringing ANDA Products to residents of this State upon approval of ANDA No. 212364, (3) enjoys substantial income from sales of its generic pharmaceutical products in this State on its own and through collaboration with Hetero USA Inc., which is a Delaware corporation.

24. Alternatively, to the extent the above facts do not establish personal jurisdiction over Annora, this Court may exercise jurisdiction over Annora pursuant to Fed. R. Civ. P. 4(k)(2), as (a) Boehringer's claims arise under federal law; (b) Annora is a foreign defendant not subject to the general personal jurisdiction in the courts of any State; (c) Annora has sufficient contacts with the United States as a whole, including preparation and submission of ANDAs to the FDA and/or manufacturing, importing, offering to sell, or selling pharmaceutical products that are distributed throughout the United States, such that this Court's exercise of jurisdiction over Annora satisfies due process.

25. On information and belief, Annora has not contested jurisdiction in one or more prior cases arising out of the filing of its ANDAs, including ANDA No. 212364. *See, e.g., Boehringer Ingelheim Pharm. Inc. v. Annora Labs Ltd.*, Civ. A. No. 19-1594 (D. Del.); *Boehringer Ingelheim Pharm. Inc. v. Annora Pharma Private Ltd.*, Civ. A. No. 18-1786 (D. Del.).

PERSONAL JURISDICTION OVER HETERO

26. Plaintiffs reallege paragraphs 1-25 as if fully set forth herein.

27. On information and belief, Hetero develops, manufactures, markets and/or distributes active pharmaceutical ingredients, over-the-counter products, and finished dosages for sale and use throughout the United States, including in this judicial district.

Inc. v. Annora Labs Ltd.*, Civ. A. No. 19-1594 (D. Del.); *Boehringer Ingelheim Pharm. Inc. v. Annora Pharma Private Ltd.*, Civ. A. No. 18-1786 (D. Del.); *H. Lundbeck A/S et al v. Hetero USA Inc. et al*, 1:18-cv-00176 (D. Del.).

BACKGROUND

U.S. PATENT NO. 10,258,637

30. On April 16, 2019, the USPTO duly and legally issued United States Patent No. 10,258,637 (“the ’637 patent”) entitled “Pharmaceutical Composition, Method for Treating and Uses Thereof” to inventors Uli Christian Broedl, Sreeraj Macha, Maximilian von Eynatten, and Hans-Juergen Woerle. A true and correct copy of the ’637 patent is attached as Exhibit 1. The ’637 patent is assigned to BII. BIC and BIPI are licensees of the ’637 patent.

GLYXAMBI®

31. BIPI is the holder of New Drug Application (“NDA”) No. 206073 for empagliflozin/linagliptin, for oral use, in 10 mg/5 mg and 25 mg/5 mg dosages, which is sold under the trade name GLYXAMBI®.

32. GLYXAMBI® is listed in Orange Book as having New Chemical Exclusivity until August 1, 2019.

33. Pursuant to 21 U.S.C. § 355(b)(1), and attendant FDA regulations, the ’637 patent is among the patents listed in the Orange Book with respect to GLYXAMBI®.

34. The ’637 patent covers the use of GLYXAMBI®.

ACTS GIVING RISE TO THIS ACTION

COUNT I—INFRINGEMENT OF THE ’637 PATENT

35. Plaintiffs reallege paragraphs 1-34 as if fully set forth herein.

36. On information and belief, Annora through its own actions and through the actions of its agents and subsidiaries, has submitted the Annora ANDA to the FDA, pursuant to 21 U.S.C. § 355(j), seeking approval to market the Annora ANDA Products. On information and belief, Annora and Hetero are acting in concert with one another with respect to the preparation, submission and further prosecution of the Annora ANDA.

37. Annora has infringed at least one claim of the ’637 patent, pursuant to 35 U.S.C. § 271(e)(2)(A), by submitting, or causing to be submitted the Annora ANDA, by which Annora seeks approval from the FDA to engage in the manufacture, use, offer to sell, sale, or importation of the Annora ANDA Products prior to the expiration of the ’637 patent.

38. Annora has declared its intent to manufacture, use, offer to sell, or sell in the United States or to import into the United States, the Annora ANDA Products in the event that the FDA approves the Annora ANDA. Accordingly, an actual and immediate controversy exists regarding Annora's infringement of the '637 patent under 35 U.S.C. §§ 271 (a), (b), and/or (c).

39. Annora's use, offer to sell, or sale of the Annora ANDA Products in the United States during the term of the '637 patent would further infringe at least one claim of the '637 patent under 35 U.S.C. §§ 271 (a), (b), and/or (c).

40. On information and belief, the Annora ANDA Products, when offered for sale, sold, and/or and when used as directed, would be used in a manner that would directly infringe at least one of the claims of the '637 patent either literally or under the doctrine of equivalents.

41. On information and belief, the use of Annora's ANDA Products constitutes a material part of at least one of the claims of the '637 patent; Annora knows that its ANDA Products are especially made or adapted for use in infringing at least one of the claims of the '637 patent, either literally or under the doctrine of equivalents; and its ANDA Products are not staple articles of commerce or commodities of commerce suitable for substantial noninfringing use.

42. On information and belief, the offering to sell or sale of Annora's ANDA Products would contributorily infringe at least one of the claims of the '637 patent, either literally or under the doctrine of equivalents.

43. On information and belief, Annora had knowledge of the '637 patent and, by its promotional activities and package inserts for its ANDA Products, knows or should know that it

will aid and abet another's direct infringement of at least one of the claims of the '637 patent, either literally or under the doctrine of equivalents.

44. On information and belief, the offering to sell, or sale of Annora's ANDA Products by Annora would actively induce infringement of at least one of the claims of the '637 patent, either literally or under the doctrine of equivalents.

45. On information and belief, Annora does not deny that the Annora ANDA products subject to ANDA No. 212364 will infringe the claims of the '637 patent and in the Annora Paragraph IV Certification Annora did not deny that the Annora ANDA Products will infringe the claims of the '637 patent.

46. Plaintiffs will be substantially and irreparably harmed if Annora is not enjoined from infringing the '637 patent.

47. This is an exceptional case within the meaning of 35 U.S.C. § 285, which warrants reimbursement of Boehringer's reasonable attorney fees.

PRAYER FOR RELIEF

WHEREFORE, Plaintiffs respectfully request that the Court enter judgment against Annora and for the following relief:

- a. A Judgment be entered that Annora has infringed at least one claim of the '637 patent by submitting the Annora ANDA;
- b. A Judgment be entered that this case is exceptional, and that Plaintiffs are entitled to their reasonable attorneys' fees pursuant to 35 U.S.C. § 285;

- c. That Annora, its officers, agents, servants, employees, and those persons acting in active concert or participation with all or any of them be preliminarily and permanently enjoined from: (i) engaging in the commercial use, offer to sell, or sale within the United States of drugs or methods of administering drugs claimed in the '637 patent, and (ii) seeking, obtaining or maintaining approval of ANDAs until the expiration of the '637 patent or such other later time as the Court may determine;
- d. A judgment ordering that pursuant to 35 U.S.C. § 271(e)(4)(A), the effective date of any approval of Annora's ANDA under § 505(j) of the Federal Food, Drug and Cosmetic Act (21 U.S.C. § 355(j)) shall not be earlier than the expiration date of the '637 patent, including any extensions;
- e. That Boehringer be awarded monetary relief if Annora commercially uses, offers to sell, or sells its respective proposed generic versions of GLYXAMBI[®] or any other product that infringes or induces or contributes to the infringement of the '637 patent, within the United States, prior to the expiration of this patent, including any extensions, and that any such monetary relief be awarded to Boehringer with prejudgment interest;
- f. Costs and expenses in this action; and
- g. Such other and further relief as the Court deems just and appropriate.
